ABC Pathways Group – Emergency Support

ABC Pathways Group established the “ABC Education Foundation” in 2017, and since then it has provided support to needy parents and students over the years. Among them, there have been students studying at ABC Pathways School who have suddenly faced unforeseen circumstances at home, such as the main breadwinner losing their job or family members experiencing medical situations, resulting in urgent financial difficulties. We will always act swiftly to offer assistance where possible, including tuition reductions, to help families overcome adversity and ensure that our children can continue their joyful learning despite the hardships at home. If you have any questions or requests, please contact your respective ABC Centre.
